

VALBIOTIS participates in the first HealthTech Investor Days, organized by France Biotech

La Rochelle, 24 June 2019 (07:35 CEST) – **VALBIOTIS** (FR0013254851 - ALVAL PEA/SME eligible), a French Research & Development company committed to scientific innovation for preventing and combating today **announced that it has been selected to participate in the first HealthTech Investor Days, being held June 24-25 in Paris.**

This international event is organized by France Biotech, the association of health entrepreneurs, and gathers the full ecosystem of innovation: French and European HealthTech flagships (biotechs, medtechs, e-health companies), pharmaceutical companies and international investors specialized in health innovation. This event is placed under the High Patronage of Emmanuel MACRON, President of the French Republic.

Jocelyn PINEAU
CFO of VALBIOTIS

“We are proud to be selected among the companies that are working to meet the medical challenges of tomorrow. This first edition of the HealthTech Investor Days is an opportunity to present VALBIOTIS to international health players, explain our development strategy, as well as communicate the milestones recently achieved such as the receipt of VALEDIA® (active substance: TOTUM-63) patents in the United States and in Europe and the success of its industrial transposition, with the Pierre Fabre Group. VALBIOTIS is the only listed company to develop a new class of hybrid products dedicated to reducing the risk of major metabolic diseases”.

VALBIOTIS is a French Research & Development company committed to scientific innovation for preventing and combating metabolic diseases. Its products are made for major players in the healthcare sector. VALBIOTIS particularly focuses on solutions to prevent type 2 diabetes, NASH (nonalcoholic steatohepatitis), obesity and cardiovascular diseases. VALBIOTIS was founded in La Rochelle in early 2014 and has formed numerous partnerships with top academic centers in France and abroad, including the La Rochelle University, the CNRS and the Clermont Auvergne University located in Clermont-Ferrand. These partnerships have enabled VALBIOTIS to benefit from strong financial leverage, particularly thanks to experts and technical partners who support its projects. The company is located at 3 sites in France - Périgny, La Rochelle (17) and Riom (63) - in addition to an American office in Boston (MA).

VALBIOTIS is a member of the "BPI Excellence" network and received the "Innovative Company" status accorded by BPI France. VALBIOTIS has also been awarded "Young Innovative Company" status and has received major financial support from the European Union for its research programs by obtaining support from the European Regional Development Fund (ERDF).

VALBIOTIS is PEA/SME eligible.
